COLLAGE

(KO LAZH)-N.

THE ART OF INTEGRATING DISTINCT
YET RELATED DISCIPLINES TO ACHIEVE
A UNIFIED WHOLE.

Since 1982, The Collage Companies has served innumerable satisfied clients; many of them repeat clients. Today, Collage remains a leader in design build and integrated project delivery.

The management team has transformed hundreds of years of experience and knowledge into real word wisdom and makes it a point to stay involved in each project. As a leader in construction systems and technology, The Collage Companies has received national recognition and won numerous awards for building excellence. The Collage Companies has successfully completed a myriad of projects for corporations, state and federal agencies, churches, schools and not-for-profit organizations on time and on budget. For projects of any size and complexity, The Collage Companies is experienced in finance, design, development and construction. It is true that Collage has a passion for trust that few companies understand. But when they see the results, it all becomes clear. We are not just building buildings, we are carrying out a promise.

WORDS OF STEEL

AS A MATTER OF COURSE, PEOPLE WILL TEST PEOPLE EVERY DAY TO SEE IF THEIR WORD HAS MEANING. GO AHEAD. WE INVITE YOU TO GIVE US A SHOT.

Few things are as rock-solid as our commitment to stand behind our word. From the people in the office to the workers in the field, this is how The Collage Companies operates. Perhaps it's because we remember when people could put stock in a simple handshake. Trust, commitment, ethics are nice words: strong words. But words don't bring results, actions do. We will commit and we will follow through. We promise.

SINCE 1982, THE COLLAGE COMPANIES HAS SERVED INNUMERABLE SATISFIED CLIENTS. MOST, NOW, ARE REPEAT CLIENTS WHO CONSIDER US THEIR PARTNERS.

THE LEADERSHIP AT THE COLLAGE COMPANIES COMBINES WISDOM THAT COMES FROM EXPERIENCE AND INNOVATION THAT COMES FROM AN ENTREPRENEURIAL SPIRIT.

WE ARE WHAT WE WITNESS.

YOU KNOW THAT CALM, RELAXED AURA CERTAIN PEOPLE CARRY AROUND THAT SAYS, "I'VE SEEN JUST ABOUT EVERYTHING AT LEAST ONCE." IT'S ACTUALLY A PREREQUISITE HERE.

Make a list of things money can't buy and, inevitably, experience will be right there at the top. It's one of those characteristics you have to earn by spending your time working for a living, and nothing adds more to a business than people who truly know their business. At The Collage Companies, people with know-how hire people with know-how. It's easily one of our highest priorities. In fact, when it comes to experience, we simply do not compromise. And frankly, neither should you.

AS LEADERS IN CONSTRUCTION SYSTEMS AND TECHNOLOGY, COLLAGE BRINGS NEW IDEAS AND INNOVATION THAT RESULT IN AWARD-WINNING BUILDING EXCELLENCE.

THESE ARE IDEAS UNATTEMPTED. YET.

IT WOULD BE NEXT TO IMPOSSIBLE TO FIGURE OUT EXACTLY HOW MUCH INNOVATION WE HAVE TO OFFER. FORTUNATELY, NEXT TO IMPOSSIBLE IS WHAT WE DO BEST.

In the construction industry as in life, there's one sure way to distance yourself from the crowd. Be creative. Leave the beaten path and clear one of your own. At The Collage Companies, we are a group of very innovative people. We believe, one way or another, things can be done. That there's always a solution. It's a way of doing business that has maximized profits, increased performance and improved quality, time and time again.

AT COLLAGE, THE MAJORITY OF OUR WORK IS COMPREHENSIVE "TURN KEY" DEVELOPMENT ASSISTANCE. WE UNDERSTAND THE COMPLEXITIES OF FINANCE, REAL ESTATE AND THE COMPLETE DESIGN-BUILD PROCESS.

BE THE HEAD AND NOT THE TAIL.

PICK UP THE BALL AND RUN WITH IT.
LEAD, LEAD, LEAD.

There comes a time in everyone's career when we realize true leadership is an art form. Possibly, one of the most impressive. We discover the first rule in determining the presence of leaders: look at the people surrounding them. Do we see professional order-takers? Or committed, responsible team players? At The Collage Companies, we lead by establishing the same goal throughout the ranks. We motivate by giving people enough authority and responsibility, and we succeed because we know our place. At the head and not the tail.

AT THE COLLAGE COMPANIES,
INTEGRITY AND TRUST ARE
NOT JUST WORDS, IT IS
OUR DNA.

AS SIMPLE AS HONOR.

WHAT WE'RE ASKING IS TO BECOME A
TRUSTEE OF YOUR MONEY. NOT SOMETHING
WE TAKE LIGHTLY AROUND HERE.

"Value for money" is one of those phrases that got driven into the ground by overuse. Unless, of course, a company takes the time to demonstrate the real meaning. To offer value, we must be devoted to the basic principles of customer satisfaction. It's an easy thing to say, but not always easy to do. At The Collage Companies, our operation is built on three things: wisdom, efficiency and trust. They're the principles that guide us, and the ways in which we offer value. It's as simple as that.

SINCE 1982, THE COLLAGE COMPANIES HAS PROVIDED CONSISTENT ON-TIME, ON-BUDGET CONSTRUCTION SERVICES THAT MEET OUR CLIENTS' NEEDS AND EXCEED THEIR EXPECTATION.

SPEED AND CONTROL.

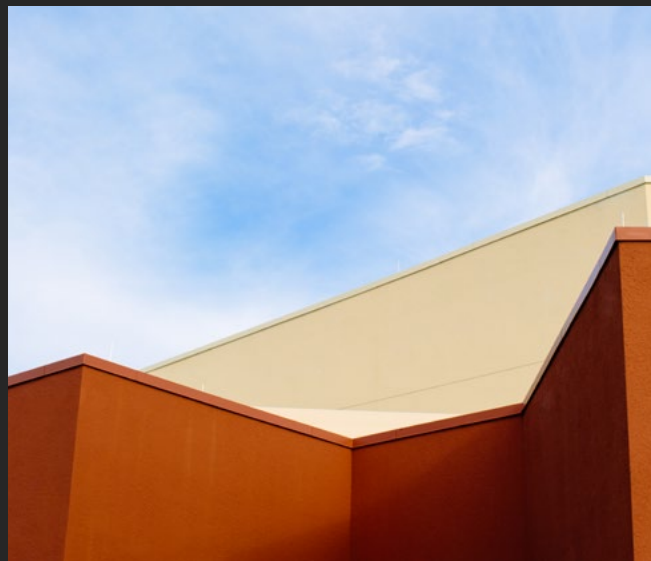

IF YOU THINK SPEED IS ANOTHER WORD FOR PERFORMANCE, YOU'RE ONLY HALF RIGHT.

At The Collage Companies, we're committed to working as fast as we can without foregoing a single ounce of quality. We've mastered the perfect blend of speed and control. Which is why performance-minded people have a natural attraction to us. Clients. Architects. Contractors. Employees. Instinctively, the more they know about skill, the more they want to know about us.
